#### Program

The aim of the Cannes Residential Program for Teens is to spark your interest in learning French and to deepen any prior knowledge you may already have. To achieve this goal, the atmosphere at the course centre and in the classroom is youthful and dynamic, with subjects and teaching methods that are age-appropriate and truly motivating. Particular emphasis is put on developing communication fluency and self-confidence. The various areas of language study, such as reading, writing, speaking and listening are all covered and grammar is studied in such a way that you learn without feeling that you are studying in a formal manner.

You may also choose to further your experience in Cannes with a choice between two optional courses, either one on one private lessons (5 extra lessons per week), or conversational lessons (two 45 minute lessons per week).

Please note: Airfare is not included and some additional costs may apply. Contact us on 1 888 386 1411 for details.

## Teachers

The teaching staff are fully-qualified young and dynamic native speakers. They set out to create a relaxed, amusing and motivating atmosphere with lesson themes that you can relate to.
