Program

This is a wonderfully unique program that allows international students who are studying Italian to mix with Italian students of the same age who are attending camp on the same campus! There will be approximately 100 students on campus each week, half of whom are Italian with the other half being from Europe, North America, Latin American and the Middle East.

Students will enjoy a morning schedule of engaging Italian lessons and an afternoon and evening schedule that is full of rich and varied activities including sports, cultural lessons and leisure time by one of the many beautiful pools or on the sandy beaches!

The program is broken into three age groups: 10 to 11 year olds, 12 to 14 year olds and 15 to 16 year olds.

Teachers

The teachers are all native Italian speakers and are carefully selected for their experience in teaching young learners. They bring a wealth of experience and enthusiasm to the classroom and design each lesson to focus on speaking and listening skills with appropriate attention given to reading and writing.

Accommodation & Meals

You will stay in a room shared with two other students of the same sex and similar age. Typically, your roommates will include one Italian child/teen of the same age and another international student. Each room is equipped with three single beds and a bathroom. Accommodation includes three hot buffet meals per day which are taken in the campus restaurant. Bedding is supplied and changed weekly but students must bring their own towels. There is also a once weekly laundry service on campus.

Supervision Level

The supervision level for this program is HIGH. This program is intended for 10-16 year olds, many of whom will be on their own for the first time. While the supervision for this program is HIGH, the degree of supervision varies according to the age groupings. Please contact us for more information.
