#### Program

The Tarragona summer course for teens is designed to ensure that students enjoy their Spanish classes as much as they enjoy the rest of the program. Classroom activities are varied and involve tasks or games that make the learning process interesting and fun! The aim of the course is to develop the students' language skills in all areas, but the emphasis is on developing speaking and comprehension skills. To ensure that students get the most out of their visits to places in and around Tarragona, some class time is devoted to project work related to the social program. Classes will take place in either the morning or the afternoon.

The course includes a very full program of excursions and other activities with all costs covered by the course fee. Each week there is a full-day excursion to places of interest such as Barcelona or Port Aventura. There are also many half-day excursions to Roman ruins, water parks, local beaches and famous monuments. In addition to this, there are daily sports and leisure activities and evening activities to keep you entertained and provide many opportunities to socialize with your new friends from around the world.

#### Teachers

All teachers are experienced, extensively trained in teaching Spanish as a second or foreign language and many have master's degrees or equivalent teaching qualifications. They are known to be firm yet fun and work hard to ensure that you will get the most out of your class time in a full-immersion environment.

## Accommodation

The student residence is located in the city centre, less than 15 minutes walk from the school. The residence, which serves university students during the school year, was opened in 1988 and is very well-maintained. Accommodation is spacious double rooms, with sheets and towels.

Accommodation includes all meals (breakfast, lunch and dinner). Facilities available to students include a TV lounge, a computer room, study rooms and a small gymnasium. Coin operated laundry facilities are also available.

## Supervision Level

The supervision level for this program is **MEDIUM**. This program is intended teens who are comfortable with a certain amount of independence. Students are accompanied by school staff during class time or on school-organized activities. At all other times they are free to explore Tarragona and the surrounding areas by themselves or with friends (recommended as it's more fun!). The residence has 24 hour reception for added security. The curfew is as follows: Sunday to Thursday 11:30 PM; Friday & Saturday 1:00 AM. If students are not behaving in a manner considered acceptable for their age, this could result in expulsion from the program without refund.

Spain is a country where people of all ages tend to stay out quite late at night. Dinner is often not eaten until 9:30 PM and many Spanish teens consider it very unfashionable to go out before 11:00 PM. The late curfew for this program reflects this lifestyle.
