Malaga 50 Plus Language Learning Holiday

Location

On the Mediterranean coast in the heart of Andalucia, where flamenco and bullfighting originated, sits lovely sunny Malaga. Malaga's climate is hot in the summer and warm in the fall and spring. Besides the expansive sandy beaches, Malaga is the ideal city to explore two of the most defining features of Spanish culture – flamenco dance and Spanish cuisine... this program has both!

The city is also home to the new Picasso Museum, considered by many art critics to be the one of the most important Picasso galleries in the world. Malaga is also the perfect jumping off point for day-trips to nearby pueblos blancos— mountain villages with charming white-washed buildings, giving you the feeling you're

back in time in historic southern Spain. For those who want to explore other parts of Andalucia, the school will organize weekend trips to other well-known cities of the region – Granada and Seville. And Malaga is to perfect setting off point for more exotic destinations such as Morocco!

Program

The Malaga 50 Plus Language Learning Holiday course combines Spanish learning with varied social and cultural activities designed to help you get to know the customs and traditions of Malaga and the Andalusian region. In addition to Spanish language classes, you will also have the opportunity to attend daily cultural activities or excursions during the week and one full day excursion every second weekend. Weekend excursion can include visits to places of significant interest such as Seville, Granada, Jerez and Ronda. Please see a sample schedule.

Lessons

This course has been designed specifically for older learners with their unique learning needs in mind. There are 15 lessons per week of intensive Spanish instruction. The classes focus on learning highly practical Spanish for daily use in places such as restaurants, hotels, markets and in situations such as asking for directions, social situations, etc. Lessons are 50 minutes in length.

Teachers

The teachers are experienced, extensively trained in teaching Spanish as a second or foreign language, and many have master's degrees or equivalent teaching qualifications. They are known to be firm yet fun and work hard to ensure that you will get the most out of your class time.
